

2005 Father's Day Ride and Stride

On June 19, 2005, **The Allegheny Prostate Center**, in cooperation with the **Western Pennsylvania Prostate Cancer Foundation**, held the 2nd annual *Father's Day Ride and Stride*, a biking and walking event to benefit Prostate Cancer awareness, education and research. Participants enjoyed a morning of fun at beautiful North Park, which included a 2- or 5-mile fun walk, as well as scenic cycling courses of 25K, 50K, and 100K lengths. Food, entertainment and prizes added to the festivities for this important cause. Bob Pompeani of KDKA was the Master of Ceremonies and Senator Jane Claire Orie the Event Chairperson.

All paying registrants received an event T-shirt at registration. Any walking participant that recruited \$100 worth of pledges from co-workers, family or friends received a water bottle and holder as an additional gift. Top prizes for raising the most money included: an opportunity to throw out the ceremonial first pitch before a Pittsburgh Pirates game during the 2005 season and tickets to the game, an autographed Lance Armstrong* racing jersey and a Trek Road bike.

Major sponsors of the 2005 event included **The Pittsburgh Pirates, KDKA TV2, Oncura Inc., Siemens Medical**, and **Allegheny General Hospital**.

This annual event will be held again next year on Father's Day, Sunday, June 18, 2006. We hope that you will be able to join us!

*Lance Armstrong and the Tour of Hope do not endorse this event.
